

# COVID-19 SAFETY MEASURES

1. We will maintain extra cleaning measures in all of our labs and communal areas.
2. Birkbeck strongly encourages all staff and students to be vaccinated according to NHS guidance.
3. You will be greeted at the main door and let in by the researcher you've been in contact with.
4. All visiting adults and children aged 11 or older will be asked to wear a mask unless medically exempt (disposable masks will be provided). Researchers will wear masks or face visors as appropriate.
5. Researchers, adults and children will sanitise their hands upon arrival.
6. A selection of toys and books will be present for babies and children to play with. They will be cleaned appropriately after each use.
7. During the experiment, social distancing will be maintained as much as possible.
8. We ask that you bring any snacks, water, and nappy changing necessities with you, though we will have back-ups on request.
9. We are limiting the number of people in the building to increase safety.
10. If you or your baby/child are ill or feel unwell on the day of your visit, please reschedule your appointment. Please do not visit the labs if you or your baby/child have Covid or suspect you have Covid.
